

Getting Started

1) Go to <http://secondlife.com/> and follow on-screen instructions to:

- 2) Sign up for a Second Life account and
- 3) Download the application (free!)

Install and launch the Second Life application and sign in using your account details.

Paste the following URL address into the browser bar at the top of your Second Life window and hit enter:

<http://maps.secondlife.com/secondlife/AbTeC/78/172/1011>

OR use Second Life's location search function:

- Go to the drop-down menu at the top of the window and select World > World map
- Type "AbTeC" into the search bar and click Find
- Select AbTeC from the search results and click Teleport

Moving Around

Looking Around

Select Camera controls from the icons at the bottom of the screen

- **Rotate** the camera by clicking the arrows within the circle
- **Move** the camera by clicking the arrows within the square
- **ESC** on your keyboard (or moving your avatar) will always bring the camera back to its default position

OR use your mouse as a camera:

Hover your mouse over an item or avatar you want to focus on and hold down the **OPTION/ALT** button. The cursor becomes a magnifying glass. Now...

To rotate around the chosen point:
hold down the Left mouse button
and move the mouse side-to-side.

To zoom in/out, move the
mouse up or down or **Scroll**
using the mouse wheel.

To rotate up/down, hold **Control** and
move the mouse up/down. Add **Shift** to
this combo to pan from side to side.

Contact info@abtec.org if you need one-on-one assistance.

Note: Any avatar "Abbi" is a member of the AbTeC team and can assist.
